

## Routes to admire the sunsets of Sierra Nevada as tourism offer

**LOCATION:** Sierra Nevada (Granada)

**DURATION:** 1'32"

**SUMMARY:** Enjoying snow and different sunsets at the same time. That's what the company Desafíos Sin Límites offers in Granada through routes around Sierra Nevada at sunset. Visitors walk at an altitude of 2,500 meters and enjoy a unique sunset.

### VTR:

An original way to discover Sierra Nevada and enjoy snow. Visitors just need to wear snowshoes, a couple of sticks to walk this tour. It's an initiative of the Desafíos sin Límites Company, which offers these innovative routes in Granada at sunset.

*"A walk at sunset making the most out of the mountains. The most important goal is that people have a first contact with snow and snowshoes. And in addition, to make them enjoy the amazing sunset that we have here in Sierra Nevada."*

There isn't any technical requirement, because this is a route for all publics. Only warm and waterproof clothing is needed, the rest is up to the mountains.

*"The route is developed at an altitude of 2,400-2,300 meters, and sunset lasts much longer. At this time, it is dark in Granada, but we still have daylight here, and these amazing views."*

### VISITOR

*"Amazing landscapes, a brand new perspective that is different from what we are used to."*

### VISITOR

*"The views are really cool. In the beginning, it feels a little weird walking with these, but I think that you can adapt fast to them, and the experience is being great."*

These routes begin at five o'clock in the afternoon and offer visitors the possibility to enjoy the sunset from a privileged spot, apart from the sensation of walking with snowshoes, which allow them to easily move around snowy surfaces.
