

Tripsbook: the first social media for travellers starts in Granada and spreads to 85 countries

LOCATION: Granada

DURATION: 1'39"

SUMMARY: Tripsbook is the first social media dedicated to travellers. It has been created by an Andalusian entrepreneur, Alejandro Vega. It is a platform that permits to create a virtual logbook; it is also available in eight different languages, among them Arab and Chinese. Around 10.000 users from 85 different countries have already registered in this site.

VTR:

Making pictures during your trips and creating at the same time you own diary on the Internet. This is the objective of Tripsbook.com, the first social media dedicated to trips, created by an Andalusian entrepreneur, Alejandro Vega, that started it with the collaboration of his partner Damián Girardi.

ALEJANDRO VEGA Creator of 'Tripsbook'

"Tripsbook.com offers a very interesting service for the traveller and in addition for free, that gives the possibility to create a virtual memory with all the trips the user has made."

Tripsbook is available in eight languages, among them Arab and Chinesse. It also has a version for smartphones, available for Iphone and Android, that already has 2.000 downloads.

Maika Torres User

"The truth is that it is a very useful app, mainly for people who travel a lot like me. You can upload pictures anywhere or anytime. Your partners can know where you are. For me it is spectacular."

Now the platform counts on ten thousand users, in eighty-five countries around the world.

TOURIST

"Giving your opinion, uploading a picture... You can help other tourists, uploading pictures, telling them: we have seen this from this location, this way... It's very good."

In this virtual space, you can access your trips using a map, discovering the trips and pictures of your friends, and we can also find a zone for tourist enterprises that can offer their information.

ALEJANDRO VEGA Creator of "Tripsbook"

"With your logbook, all your trips, your experiences, your dates, your pictures, videos, stories, all in the cloud; and being able to consult it from the website or from the mobile app."

The users of Tripsbook have uploaded more than forty thousand pictures already, from two thousand and five hundred different cities of a hundred and sixty two countries.
